PANTONE FASHION COLOR REPORT

SPRING 2016: A Transporting and Transformative Canvas

"Colors this season transport us to a happier, sunnier place where we feel free to express a wittier version of our real selves."

*Leatrice Eiseman
Executive Director, Pantone Color Institute*

Influenced by the world of art, new global doors opening and the desire to disconnect from technology and unwind, designers this season have gravitated toward a palette that is first and foremost calming. Paying homage to the beauty of natural resources, colors emerging in the Spring collections serve as vehicles that transport wearers to more tranquil, mindful environs which encourage relaxation first, followed by curiosity and exploration.

Designers were also inspired by the contrast of urban design and lush vegetation, leading to unexpected color combinations and collections reminiscent of architecture, travel and nostalgia. By creating looks that truly represent the world we live in, both constructed and organic, designers sought to awaken a sense of reflection, followed by playful escapism. Artists, many of whom are known for bold color usage and strong shapes and lines, played an influential role in this season's styles – from Matisse, Picasso and Frank Stella to Esther Stewart and Sam Falls. With Cuba and other destinations south of the border top of mind, designers are playing with courageous color statements that aren't afraid to be vibrant but at the same time are combined with quieting, classic and more natural tones.

"Colors this season transport us to a happier, sunnier place where we feel free to express a wittier version of our real selves," said Leatrice Eiseman, executive director of the Pantone Color Institute. "With our culture still

surrounded by so much uncertainty, we are continuing to yearn for those softer shades that offer a sense of calm and relaxation."

A UNISEX PALETTE

Colors this season transcend cultural and gender norms. Vivid brights give way to excitement and optimism, though quiet stability prevails in this season's palette. For Spring 2016 there are truly no perceivable distinctions in color choices between the men's and women's collections, both of which focus on a desire to breathe and reflect, then play.

The soothing, calming nature of colors in the Spring collections are led by **Rose Quartz**, a persuasive yet gentle tone that conveys compassion and a sense of composure. Like a serene sunset, flushed cheek or budding flower, Rose Quartz reminds us to reflect on our surroundings during the busy but lighthearted spring and summer months.

The fashion and design communities, and consequently, consumers, have been in love with orange for several seasons. Coming to the fore this Spring is **Peach Echo**, a shade that emanates friendlier qualities, evoking warmth and accessibility. It is an all-encompassing, tempered companion in the playful orange family.

Weightless and airy, like the expanse of the blue sky above us, **Serenity** comforts with a calming effect, bringing a feeling of respite even in turbulent times. A transcendent blue, Serenity provides us with a naturally connected sense of space.

A maritime-inspired blue, **Snorkel Blue** plays in the navy family, but with a happier, more energetic context.

PANTONE FASHION COLOR REPORT SPRING 2016: A Transporting and Transformative Canvas

The name alone implies a relaxing vacation and encourages escape. It is striking yet still, with lots of activity bursting from its undertones.

While the majority of the Spring/Summer palette trends toward calmness, a few diversions from the theme emerge that offer a contrast. With **Buttercup**, designers reveal a shining beacon transporting its wearer to a happier, sunnier place.

A shade of aqua that leans toward the green family, **Limpet Shell** is clear, clean and defined. Suggestive of clarity and freshness, its crisp and modern influences evoke a deliberate, mindful tranquility.

As in most any season, the need for neutrals arises. Essentially a basic, the subtlety of the lilac undertone in, **Lilac Gray**, adds a distinctive edge to this classic gray shade.

The high energy **Fiesta** is a harbinger of excitement, encouraging free-spirited exploration to unknown but welcoming locales. A strong and fiery, yellow-based red, the vivid Fiesta provides a stark contrast to the calming, softer nature of this season's palette.

A transitional color that will take us through the seasons, **Iced Coffee** manifests as another strong neutral for the season. With its natural earthy quality, the softness and subtlety of Iced Coffee creates a stable foundation when combined with the rest of this season's palette.

Green Flash calls on its wearer to explore, push the envelope and escape the mundane, radiating an openness that combines with the rest of the palette in unexpected but serendipitous ways. The popularity of this brilliant hue is representative of nature's persistent influence even in urban environments, a trend continuing to inspire designers.

THE DESIGNERS

reveal their inspiration and must-have items for Spring 2016.

THE DESIGNERS

TOSIA

PROMINENT COLORS

Cloud Blue, Sandy Taupe, Blush Pink, Deep Indigo and Pale Ivory.

INSPIRATION

Spring 2016 was inspired by a recent journey to Morocco and the French influence that pervades the region. The color's subdued palette was drawn primarily from the stunning, arid landscape of Ouarzazate, Morocco, from the multitude of Blues in the clear skies, the Taupe and Soft Blush of the desert sands, and the Ivory of sail cloth tents.

SIGNATURE COLORS

Blush Pink is prominent through the collection. It's a perfect complement to so many other colors and conveys both lightness and intrigue.

MUST-HAVE ITEM FOR SPRING 2016

The Blush Pink draped twill trench coat with pierced lapels is easy to throw on over any ensemble and feels as though you are slipping into a robe.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

Color can evoke an atmosphere. For Spring, the hushed desert tones, rendered in floating caftan gowns, relaxed smoking jackets, and voluminous wide-legged pants, bring to mind dreamy days spent languishing in Moroccan riads that stretch into vibrant, sultry nights.

THE DESIGNERS

HOUGHTON

PROMINENT COLORS

For Spring/Summer 2016, I chose a cool palette and muted tones/colors: Creamy Ivory, Sage, Dusty Rose, Chalk White, Blush, Midnight Blue, Camel, Straw.

INSPIRATION

I think that summer White is chic year round. I try and find a palette of colors that complements our neutral palette each season and I felt that this pastel and muted palette was relevant for SS '16. Houghton crosses over to our bridal customer and having a constant light palette remains our core.

SIGNATURE COLORS

Chalk White combined with Layered Blush as well as Taupe and Navy combo.

MUST-HAVE ITEM FOR SPRING 2016

I have an over-sized cargo jacket in Chalk White twill that feels like a denim. It has over-sized buttons, cuffs and belts. I also have a dress that I'm obsessed with, it is a light Ghuipure Chalk White Shirt Dress with a full skirt, Blush silk 1/4 lining and an over-sized Dusty Rose suede jacket with over-sized matching buttons.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

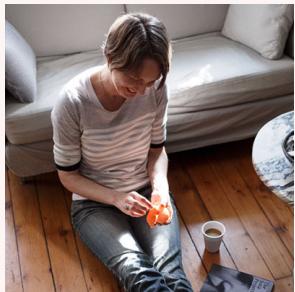

I love using a light palette, especially with lace, and I think it's sexy and fun to style, whether with a leather jacket or alone. White and Ivory can be innocent or sexy, so I love leaving the interpretation open.

THE DESIGNERS

M.PATMOS

PROMINENT COLORS

The colors in the Spring 2016 collection are a combination of bold and rich mixed along with pale and fresh tones with additional brighter colors making for a very clean cut and modern palette. From the idea of Cuba past and present we interlaced the opulent, rich color of PANTONE 19-5511 Hunter Green with the youthful, washed out color of PANTONE 12-1305 Heavenly Pink and PANTONE 13-4404 Ice Flow. Throughout the collection I wanted to sprinkle in some luminosity and glow with PANTONE 12-0643 Blazing Yellow and PANTONE 13-1012 Frosted Almond.

Our main colors are combinations are:

PANTONE 19-4028 Insignia Blue / PANTONE 12-1305 Heavenly Pink / PANTONE 11-0601 Bright White
PANTONE 19-5511 Hunter Green / PANTONE 19-4151 Skydiver / PANTONE 12-1305 Heavenly Pink
PANTONE 13-4404 Ice Flow
PANTONE 12-0643 Blazing Yellow
PANTONE 13-1012 Frosted Almond

INSPIRATION

For our Spring 2016 collection, I felt particularly inspired by Cuban dress, from the sparkling Havana nights to being lost in time on the tired streets of La Habana. With Cuba's bold and colorful presence, I directly translated that into our colors for the collection. Washed colors were mixed within brighter and more playful colors to enhance more unusual, contemporary combinations.

LELA ROSE

PROMINENT COLORS

I played with tonal variations within colors this season which has allowed a beautiful flow from one color story to the next. A Cool Coral (PANTONE 14-1418 Peach Melba) plays off a Neon Cherry (PANTONE 17-1563 Cherry Tomato). Rose Gold appears as a metallic stamping on cotton poplin as well as in fringe cut pebbled silk. A Turquoise Blue (PANTONE 17-4328 Blue Moon) melds with an Icy Aqua (PANTONE 12-5409 Fair Aqua) as well as Silver Metallic.

INSPIRATION

The artist Sam Falls was the original inspiration for the collection and the colors are largely drawn from his palette.

SIGNATURE COLORS

A bright Citrine (PANTONE 13-0650 Sulphur Spring) is the most important color in the collection. There has been a variation on this color in every collection for years, making it a signature of the brand.

MUST-HAVE ITEM FOR SPRING 2016

A pale Apricot (PANTONE 12-0917 Bleached Apricot) hand-crocheted knit tee shirt and skirt is a must-have look. It can be both dressy and casual at the same time and worn in many different ways.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

For me, color is one of the easiest ways to affect your outlook and mood. I love to design in a palette that feels inviting and fun. I love to wear bright color as I find I feel happier in color and less so when wearing black.

CHARLES YOUSSEF

PROMINENT COLORS

The Spring 2016 collection focuses on soft, comfortable, cotton Whites mixed with harder silk porcelain Whites, so there is a play on matte and shine. Blush, Peach and Apricot tones are juxtaposed against deep vibrant Navy and embellished Jet Black. This is accented by playful touches of jewel toned Emerald Green.

INSPIRATION

I'm inspired by the hard, angular and polished surfaces of Tadao Ando's architecture. His underground museum in Japan is a beautiful maze of light and shadow that's built under a vibrant circular Green lawn. I pictured the stunning Fernanda Ly running across the circular lawn, her Blush colored hair blowing in the wind. I found similar color combinations in the paintings of Esther Stewart. Her mix of soft Whites, Blush and Navy tones in sharp triangular shapes really sparked my imagination.

SIGNATURE COLORS

It's a soft, delicate and refreshing Pearl Blush that's reminiscent of a fresh energetic Spring feeling. The color is organic and complements the natural beauty of women.

MUST-HAVE ITEM FOR SPRING 2016

It's our origami folded poplin shirt in Blush.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

Color plays such an important role in our lives because it can make us feel so many different things. The soothing Whites and Nudes in the collection create a feeling of calm serenity allowing you to relax, while the bright accents of Emerald Green spark an energetic creativity.

THE DESIGNERS

CHRISTIAN SIRIANO

PROMINENT COLORS

The colors in this collection are a mix of Sheer Pink, Apricot Blush, Bone White, Whisper White and Peach Pearl.

INSPIRATION

The imperial cities of Morocco were an initial source of inspiration for my Spring/Summer 2016 collection. I was drawn to the culture and lifestyle, particularly the annual traditional "Feast of the Throne" celebration in Marrakesh, for which notables dress head to toe in beautifully draped White linens. Nature and architecture of the region were also sources of inspiration for this collection: crisp, clean Sand tones are represented in Cream and Khaki separates for day, with Blush and Sunset tones for evening. The colors found in Moroccan wedding blankets were stimulating and inspiring as well. Decorative wrought iron, wood work, and sculpted stone are interpreted through texture and embroidery. Delicate lattice details echo the light and shadow of local architecture. It is a strikingly romantic and feminine collection.

SIGNATURE COLORS

I think the use of Bone White and Seashell Pink make this collection feel light and romantic.

MUST-HAVE ITEM FOR SPRING 2016

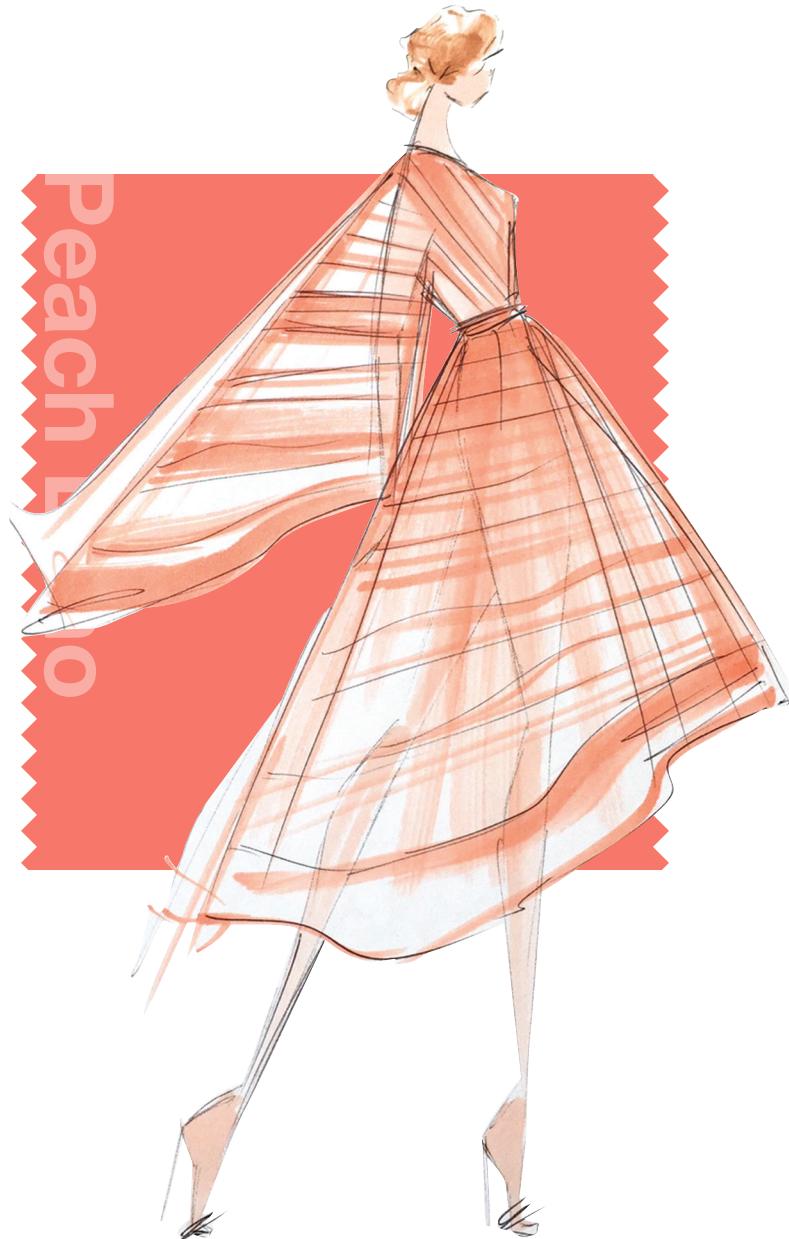

A leaf collar textured silk crepe bias-cut shirtdress is our signature for the season. It is a mixture of White Cream and Sandy-colored stripes.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

I like to either be very bold with color and make it very impactful or I like to do the complete opposite and use small amounts of light tones with a very bold pop of color when needed.

REBECCA MINKOFF

PROMINENT COLORS

There was a focus on different shades of Blue. We chose an Azure and a Putty for a bold bohemian vibe and paired them with Poppy Red and a neutral Biscuit.

INSPIRATION

I was inspired by the youthful spirit of London in the '60s, particularly Marianne Faithfull's style - that sort of reluctant rock royalty.

SIGNATURE COLORS

Sky Blue. I wanted to work with colors that were bold yet feminine, colors Marianne Faithfull would wear today as a modern woman.

MUST-HAVE ITEM FOR SPRING 2016

The fringe cape in Gray Plum, our Paris saddle bag with a studded guitar strap in Pale Blush and a cutout boot in our geo print.

GEORGINE

PROMINENT COLORS

For Spring 2016, we will be using a wide range of Blues, from bright Cobalt to Grayish and Mykonos Blue. In general, I love to play with different colors and color combinations. In addition to the "Blue story" there will be a lot of Lavender, Misted Yellow, Cypress, Radiant Orchid, Raspberry Red and some Neon colors to end the show!

INSPIRATION

Why does a jean jacket need to be made out of denim?
Why can't an evening dress be made out of spandex?
Rules are made to be broken so why not employ modern day technology to redesign and redefine the classics? The one constant in the age of the internet is that nothing is what it seems. The end results are textiles that share urban elements and a luxurious sense of touch and appearance in clothing that defy the conventional approach of how people normally work with these textiles. They provide a fresh perspective and an exciting look that will mix flawlessly with the modern day wardrobe.

SIGNATURE COLORS

For Spring/Summer 2016 I don't think there is one particular color that is the most important. In past seasons I would not be able to say the same; however, for this collection what is very important is how the colors engage with each other. The colors I have chosen have a great synergy!

TADASHI SHOJI

PROMINENT COLORS

Building off of my Resort 2016 collection, PANTONE 14-0957 Spectra Yellow will be harmonized with shades of PANTONE 16-3931 Sweet Lavender, PANTONE 16-6030 Katydid, PANTONE 19-4039 Delft and PANTONE 13-2004 Potpourri.

INSPIRATION

This season, I will be delving deeper into my heritage and memories of Japan. I was drawn to the vibrancy of a blossoming Japanese garden which helped to inspire the color palette for spring.

SIGNATURE COLORS

Violet plays a key role this season which is shown in different hues of PANTONE 16-3931 Sweet Lavender and PANTONE 19-3951 Clematis Blue. It works as a statement color but also a complement to the other tones in the collection reminiscent of Japan.

MUST-HAVE ITEM FOR SPRING 2016

Spring will introduce many sporty separates that can be dressed up or down, depending on the occasion. One of my favorites is an oversized PANTONE 16-3617 Sheer Lilac windowpane sweatshirt with PANTONE 14-0957 Spectra Yellow iris-motif embroidery over a tea-length PANTONE 16-3931 Sweet Lavender and PANTONE 16-3617 Sheer Lilac tulle skirt.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

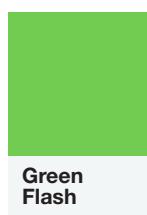

I use color to bring my inspiration to life and convey the nostalgic feelings of distant memories. The color palette is a window to the past.

WHIT NY

PROMINENT COLORS

Primary tones mixed with neutrals are the main focus of Spring 2016. Cobalt mixed with Clay, Sand and Vermillion, Yellow and Mudd. The colors we are using the most are PANTONE 17-1558 Grenadine, PANTONE 18-3949 Dazzling Blue, PANTONE 12-0642 Aurora, PANTONE 13-1106 Sand Dollar and PANTONE 19-0814 Slate Black.

INSPIRATION

This season, we have mixed an arty tribal vibe with bold stripes and earth tones. Aside from the tribal prints and body painting that we were referencing, we also were drawn to photos of hot air balloons over the African savannas and tried to bring that visual contrast to the collection as well.

SIGNATURE COLORS

We love pops of Bright Yellow, such as PANTONE 12-0642 Aurora.

MUST-HAVE ITEM FOR SPRING 2016

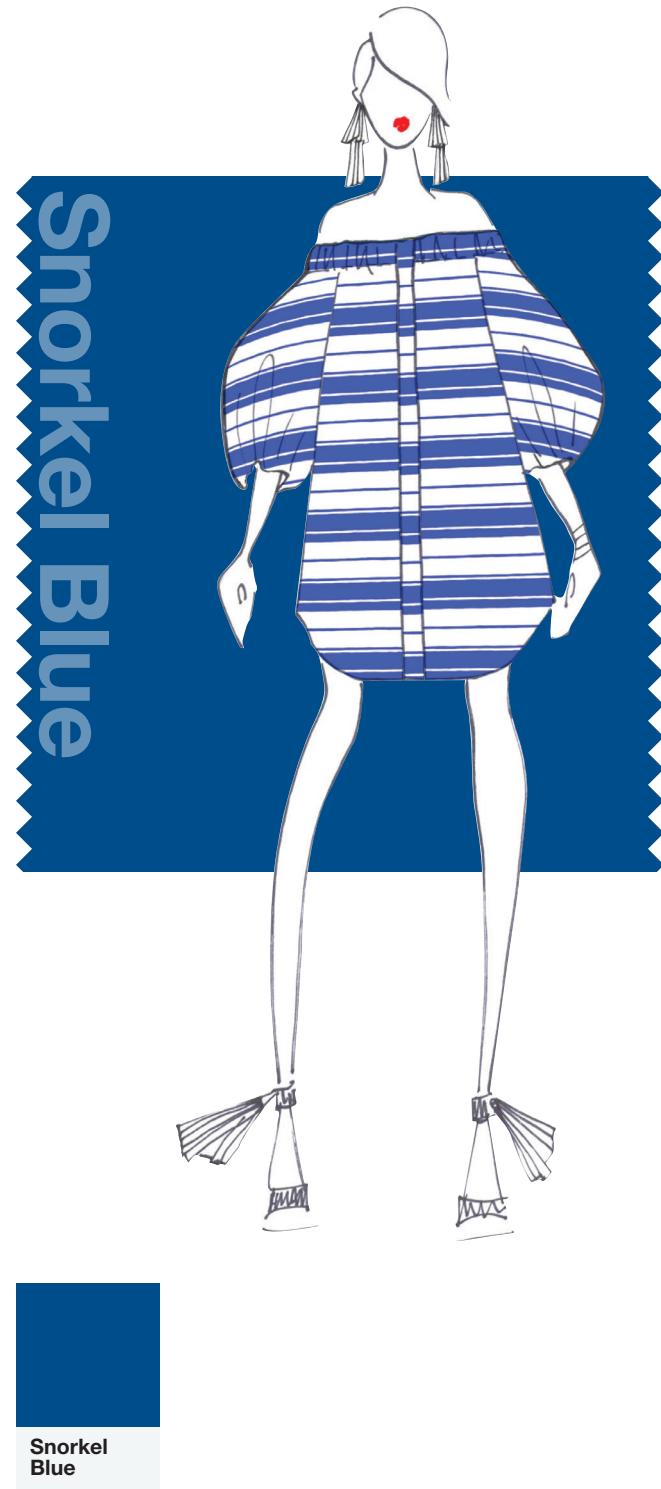

Off the shoulder dresses with balloon sleeves.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

We usually lean towards bright, saturated colors as a base because we like the energy and boldness that they bring to the collection.

PROMINENT COLORS

The sketch represents a combination of cool undertones that symbolize fruit and the freshness of spring, from Shell Pink to Apricot Orange.

INSPIRATION

My inspiration is Picasso's still life depicted in geometric form, based on my own freehand drawings.

SIGNATURE COLORS

I love Galaxy Blue because it is a vibrant, oceanic color. The color also reminds me of Picasso's Blue Period. I felt the Blue I chose symbolizes an end, which is bridged to a more joyful time, represented by vibrant Red and Pink, or the Rose Period.

MUST-HAVE ITEM FOR SPRING 2016

The must-have items for Spring 2016 are my printed shift dresses.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

The colors I used in my Spring 2016 collection are reflective of my emotions at the time of creation. The colors are more vibrant, depicting my feeling of rejuvenation and restoration, mostly due to my health recovery. You'll find more cheerful vivid hues of Red, Orange, Pink and earth tones.

DAVID HART

PROMINENT COLORS

The Spring 2016 collection is inspired by the Bauhaus movement that came out of Eastern Europe in the 1910's, 1920's, and very early 1930's. The color palette is rooted in primary colors and breaks off into complementary pastels. All shades of Yellow are important this season, especially Canary Yellow, Dusty Yellow and Faded Sunflower. Also, the Blues like Deep Indigo, Robin's Egg Blue and Electric Cobalt are important.

INSPIRATION

The collection was inspired by the Bauhaus institution in Germany, specifically the Women's Weaving Workshop and the textiles that were created during the interwar period in eastern Europe.

SIGNATURE COLORS

All of the Yellows are important this season. I want men to feel excited about dressing up for Spring 2016 and Yellow is such a lively color.

MUST-HAVE ITEM FOR SPRING 2016

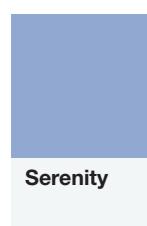

Our must-have item for Spring 2016 is our color-blocked fine gauge merino wool cardigan. It is Faded Sunflower with Deep Indigo sleeves with hints of primary colors.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

American menswear has been so rooted in Black, Gray and Navy. By using color I've been able to create a fun, lively and happy mood for Spring 2016.

GROUND ZERO

PROMINENT COLORS

Spring/Summer 2016 is a very colorful collection, with the most prominent color combination being PANTONE 19-3951 Clematis Blue and PANTONE 19-1764 Lipstick Red.

INSPIRATION

The collection's inspiration is "Oriental gangster." We incorporated many Oriental tattoo graphics and we feel the two colors (Clematis Blue and Lipstick Red) are very close to the classic Oriental tattoo ink colors.

SIGNATURE COLORS

PANTONE 16-1452 Firecracker Orange is a very unexpected color throughout the collection, and we think it's brilliant to have this bright color as a highlight.

MUST-HAVE ITEM FOR SPRING 2016

A very '90s-shaped strappy dress would be a must-have for Spring 2016, in Firecracker Orange.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

Ground Zero plays with a lot of graphics and we love keeping things original but with a twist; for example, keeping the Ocean Blue but adding an unexpected color like an Orange fish to incorporate a dramatic element. This is how we use color to impart our mood and emotion; we love things to be a bit unexpected.

PROMINENT COLORS

Gray Sapphire is a cool pastel Blue with a hint of Silver.
Ashy Blush is a warm pastel Blush.

INSPIRATION

This Spring collection is very personal and nostalgic for me as it is paying homage to my hometown of Hong Kong. It's a romantic take on a concrete jungle during Spring time. I think pastel tones (symbolizing comfort and familiarity) with a dusting of Silver and Gray (representing the busy city) really embody the emotions I've attached to this collection.

SIGNATURE COLORS

Gray Sapphire – because it ties all the fabrications, prints and silhouettes together and represents the brand's ethos and brings the designs to life.

MUST-HAVE ITEM FOR SPRING 2016

A modern yet timeless day-to-night dress is a must-have for any city woman. This collection has great options in Blue, Blush, White, Silver and print.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

Color (or print) is the first thing people notice on you. It is the most expressive component of an outfit and also highly personal. Through my designs and the choice of fabric color I want my ladies to feel feminine but strong, modern yet classic. Because I am one of them I always want them to feel powerful and confident.

REBECCA VALLANCE

PROMINENT COLORS

For our SS16 collection, we have decided to go with a warm palette. Delicate Pale Pinks, Mulberry Wine, Tangerine Orange and Sunkist Red feature strongly and are connected through classic hues, such as Black and warm Ivory.

INSPIRATION

Our palette was inspired by classic film noir and '90s pop culture. We have drawn the Blacks, Charcoals and pale Whites from the iconic theater and spliced them with bold splashes of color often found in '90s music videos.

SIGNATURE COLORS

For us, the most important color is our Tangerine Orange. It is a new, bold color that we have not worked with before. For us, it was a risk that really paid off. It's not a color often found on garment racks but in our case, it is the glue that ties all the other colors together.

MUST-HAVE ITEM FOR SPRING 2016

The must-have item for SS16 is the fit and flare skirt and the more colors the better! We have incorporated this shape into our range in a variety of styles, lengths, and of course, colors.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

Color in itself will always create a mood and emotion, so it is important for us that the right palette is chosen for the collection we are creating. We are always assessing how a color will feel on the skin, who can wear it and where are they wearing it. The palette choice is one of the hardest points of the design process, we scrutinize over lab dips to create a story amongst color. Our SS16 range was all about classicism with a bold modern touch and color choice is what helped us achieve this.

YOANA BARASCHI

PROMINENT COLORS

This season we liked the softening of colors and the transition of cool Pinks, as in classic PANTONE 15-2718 Fuchsia Pink into a symphony of Lilacs, such as PANTONE 15-2913 Lilac Chiffon, or cooler tones, such as PANTONE 16-3617 Sheer Lilac and PANTONE 14-3812 Pastel Lilac, and Violets, such as PANTONE 16-3320 Violet, PANTONE 15-3817 Lavender and PANTONE 16-3416 Violet Tulle. This intriguing palette of Violets and Lilacs looks particularly surprising and modern when accented with our favorite fiery PANTONE 17-1664 Poppy Red. PANTONE 16-3925 Easter Egg and deep Periwinkle Blue continue this moody dusk to dawn palette into the Blue family. When contrasted with Black and White, the palette takes a graphic turn in illustrated floral prints or embroideries.

INSPIRATION

The spectacular August sunsets over the Hudson River; the Black and White reality of the city is engulfed by the all-powerful drama of nature. Pink and Violet clouds on the New York West Side sky are just as magical of a backdrop as any distant, exotic island paradise.

SIGNATURE COLORS

Cool tone Pinks/Lilacs/Violets/Lavenders because of all their modern edge and eerie vibe.

MUST-HAVE ITEM FOR SPRING 2016

A high-waisted Pink/Lavender tailored midi skirt with an impossibly high slit.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

MALONE SOULIERS

PROMINENT COLORS

Strawberry Suede is a beautiful, warm color, and Rose Capretto is a cooler, softer pastel Pink. Both have a Blue undertone, which complement each other and flatter the skin tone.

Other colors we have used in SS16 are Aqua Blue Suede, Mint, Lemon and Larice, which all have cool undertones. All these colors, when paired together, work to balance the overall tone of the shoe. Either to strengthen and highlight certain colors, or to tone down and ground others.

We were also very careful with the Gold tone we used in our Platino Como material. We worked to ensure the Gold was not too bright or gaudy, but metal authentic. However, we were conscious that the color needed to be rich enough to avoid being washed out when worn farther away from the eye, on the feet.

INSPIRATION

When the collection was designed, it was January, so it was cold and dark in London. We wanted the colors we used to transport the wearer to a sunnier and brighter place. We felt many of our hardworking clients residing in the city deserved respite, and transportation to a warmer clime.

PROMINENT COLORS

The collection will present a range of neutral hues and tones (Snow White, Chalk Stone, Sand, Concrete and Black), mixed with metals (Silver, Copper, Steel) and geometric splashes of four primary colors (Red, Blue, Yellow, Green).

INSPIRATION

The inspiration of this season is Montreal's Expo 1967 – the famous World's Fair of the 20th Century. The neutral colors and metals came from the landscape of the metropolis of Montreal. The primary colors are symbolizing national flags.

SIGNATURE COLORS

This collection will be four colors: the primary Red, Blue, Green, and Yellow.

INSPIRATION

This collection is inspired by the exuberance of the Cayena flower – also known as Hibiscus, which is very popular in my country, Venezuela, and the Caribbean Islands. My inspiration stemmed from interpreting its shape and intense colors for a sunny and cheerful spring.

SIGNATURE COLORS

I am obsessed with Lime Green.

PROMINENT COLORS

I think we will see many more Pastels as neutrals. Pale Mint (PANTONE 9041 C) and Whisper Pink (PANTONE 9286 C) mixed with soft Caramels.

INSPIRATION

They are very soothing and in these hyper-hectic times offer comfort, escape and calm.

SIGNATURE COLORS

I hope it's Pale Mint. It's so subtle and can be mistaken for stone, depending on the fabric. Its pairings are endless; I even like it with a touch of Orange.

MUST-HAVE ITEM FOR SPRING 2016

Fall 2015 showed some great statement shoes, like Balenciaga and Jason Woo. I would love to see that trend continue. I always love an accent of Warm Orange with a nice Magenta undertone like (PANTONE 172 C).

THE INFLUENCERS

WIRA QUESADA HOME DEPARTMENT MANAGER, MOOD FABRICS

PROMINENT COLORS

The colors that are most prominent in our fabrics this season will be a mix of Fluorescent Jewel Tones and Pastels both mixed together. Blended on fabrics with neutral undertones that vary in textures like cotton canvases and lush cut velvet. It was important for us to have textiles that would be versatile and functional for both interior and fashion designers to use.

INSPIRATION

The inspiration for our color palette this season came from the colors found in natural stones. We were inspired by the mix of colors you can find in stones like Turquoise, Amethyst and especially in Opal. Our clients really respond well to these colors, so we wanted to incorporate patterns that also fused these colors together or that had geometric shapes that would remind us of the stones. One of our favorite patterns this season is a White diamond pattern with a Charcoal Gray background.

SIGNATURE COLORS

The most important color this season would probably be a solid Turquoise, like the PANTONE 15-5519 Turquoise. This color is found in most of the fabrics we have this season.

MUST-HAVE ITEM FOR SPRING 2016

Our must-have item this season is a Bright Yellow velvet. The color in this fabric is amazing!

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?

DALLAS SHAW FASHION ILLUSTRATOR

PROMINENT COLORS

I'm working on not only a book, but also my own product line and keeping a consistent color story across the board is key. Blush and Salmon Pinks paired with Poppy Red, Metallic Gold and Warm Whites repeat again and again for the Dallas Shaw team. And every now and then? Neon for the win.

INSPIRATION

My brand is based on my own personal aesthetic and these colors are the shades I naturally gravitate to when paired together. Who can resist shiny Gold lettering against clean White backgrounds?

SIGNATURE COLORS

Salmon, Blush and Neon Pink - but always paired with a second unexpected color. I (and the Dallas Shaw followers) like to mix things up a bit.

MUST-HAVE ITEM FOR SPRING 2016

I'll be searching high and low for a lightweight tailored, but still slouchy, ankle pant in a light shade in a Peachy Pink or a Warm Cream tone.

HOW DO YOU USE COLOR TO IMPART A MOOD OR EMOTION?
